## Timeless Lighting

Lighting can make a big difference in the interior environment of your home. Good lighting used properly helps you to see better and perform tasks more easily. It also provides safety, security and a sense of comfort. Lighting and lighting controls also provide you with the flexibility to adjust and adapt the mood and ambiance of your home.

Lighting fixtures are ideal, and often inexpensive, accessories to supplement the interior design of your home. With an unlimited range of styles, shapes, colors and sizes, lighting fixtures can add sparkle and a final, finishing touch to your décor.

Properly used lighting should complement your lifestyle and meet your family's needs. At Quoizel Lighting, they create timeless pieces with both function and design in mind!

## Finishing Touch: Custom Draperies

In addition to fine furniture and accessories, Lea Matthews specializes in designing and creating custom window treatments and luxurious bedding. Our design specialists work closely with you to select the right style, fabric and trims to create unique draperies and bedding. Once the design is agreed upon, we get to work for you. We have a staff of talented seamstresses conveniently located upstairs above our showroom who will turn your vision into reality.
